SHORT DESCRIPTION/ PRODUCT INFO: (40 characters)

Accusonus' **ERA 4 Bundle Pro** is a collection of eight powerful, human-friendly audio repair plugins.

LONG DESCRIPTION/ PRODUCT INFO: (500 – 800 characters) 3rd party please

The **Enhancement and Repair of Audio (ERA) Bundle** is a collection of eight powerful, human-friendly audio repair plugins that offer both fast and high-quality processing. These plugins are not only incredibly effective but also ridiculously easy to use. Whether one is a seasoned pro or just starting out, the ERA Bundle can help them hassle-free, quality results.

The ERA 4 Bundle Standard includes the following plugins;

- **ERA 4 Noise Remover**
- **ERA 4 Reverb Remover**
- **ERA 4 De-Esser**
- **ERA 4 De-Esser Pro**
- **ERA 4 Plosive Remover**
- **ERA 4 Voice Leveler**
- **ERA 4 De-Clipper**
- **ERA-D**

FEATURES: Bullet points only/ 3rd party please

- Intuitive and human-friendly interface (**ALL**)
- Resizable UI (**Except ERA-D**)
- Uncompromised sound quality (**ALL**)
- Easily reduce or completely remove unwanted fans, air-conditioners, electric hum & hiss or any other background noise (**ERA Noise Remover**)
- Quickly reduce excessive reverb and bring your sound into focus (**ERA Reverb Remover**)
- Smooth out audio problems caused by excessive sibilance consonants such as "s", "z", "ch", "j" and "sh" (**ERA De-Esser**, extra controls on **ERA De-Esser Pro**)
- Instantly fix unnatural plosive thumps: such as "p", "t" and "b" (**ERA Plosive Remover**)

- Even out distracting volume differences in your voice recordings instantly (**ERA Voice Leveler**)
- Deep and sophisticated joint denoise and dereverb processing (**ERA-D**)
- Dual Channel mode that allows you to use a secondary microphone to improve the audio repair quality on your primary microphone (**ERA-D**)
- Advanced parameters panel, for deeper enhancement options (**ERA-D**)
